

**From the Desk of Shane McGoey
Director of Development**

Greetings! As we enter the New Year, many things are occurring within the Fraternity and Foundation. The new e-Garnet & White has been published, a new website is about to be launched, expansion efforts are well under way at Robert Morris University, University of Cincinnati, Shippensburg University and other campuses, and Alpha Chi Rho continues to play a major part in many Undergraduate and Graduate Brothers' lives.

Once a Crow always a Crow is our theme this year. Being a Brother may mean different things to each of us, but our Bond is familiar to us all. We all remember the Landmarks that we learned as postulants. The Rev. Dr. David Jost, National Chaplain, and F. Scott Mercaldo, National Ritual Officer, have challenged us to live the Landmarks every day. It is a challenge worthy of our efforts.

As you read this edition of the *Foundation Focus*, please take a moment to think about ways you may live the Landmarks in your daily life.

Best Wishes!
