

Alpha Phi Beta Chapter Chartered at the University of Cincinnati

On November 5th 2011, a crisp Midwestern morning, thirty-one men gathered at the University of Cincinnati to take their vows of Brotherhood. The men, who are a great example of what Alpha Chi Rho expects from their Colonies, were granted the Chapter name Alpha Phi Beta. The men are the fastest growing Greek organization on the campus, and if you deduct founding fathers, are sitting at a solid number around 55 strong. Over 300 family members, friends and relatives were in attendance for the post chartering celebration that included men from the Drexel, WPI, and Central Michigan Chapters along with members of the Board and local alumni. The future of the new Chapter looks very bright indeed, and all of us here at Alpha Chi Rho Headquarters wish them the best in the future!
