

Delta Sigma Phi (WPI) Service Updates

The Brothers at Delta Sigma Phi continue to be busy with service and community related events since their last Garnet & White report. They organized a Penny War during Homecoming week where different organizations on campus set up a cup and donate money either to their cup or another team's cup. Pennies are worth +1 point, while everything else is negative. The team with the most points at the end of the week gets to donate all of the money to their choice of charity. This year Lambda Chi Alpha won and donated \$1,500.00 to the Friendly House of Worcester. The Brothers also donated money to the Polk Educational Foundation, which supports the Polk County School District in Florida (a great distance from Massachusetts). The mother of a Chapter Brother is on the board of directors, and he donates regularly to that foundation. Finally, a 5k Run-4-Life was held to benefit the Compassion Pregnancy Center. The money raised will help the new ultrasound center at the facility. The Brothers in attendance donated in forms of manpower, time and monetarily for the road race.
